Maggie Brooks Cuts Ribbon on New Webster Mobile Unit Location

Motor Vehicle & Passport Services will now be offered at Webster's New Library

Monroe County Clerk Maggie Brooks cut the ribbon on the new Webster location for her Eastside Mobile Unit today. The Eastside Mobile Unit will now provide routine motor vehicle & passport services at the new Webster Library every Monday from 10:00 AM to 3:00 PM. Maggie Brooks was joined by Webster Supervisor Cathy Thomas, members of the Webster Library Board, and County Legislator Sean Hanna at the ribbon cutting.

"Relocating our Mobile Unit to the new Webster Library is part of our continuing effort to provide superior customer service to taxpayers," said Brooks. "And judging from customer feedback, the Mobile Unit is one of our most popular services. We expect that this new convenient location will make it even more popular with Webster residents."

County Clerk Maggie Brooks operates the Eastside Mobile Unit as a unique partnership between the Monroe County Clerk's Office and various town governments to provide citizens with a convenient way to handle the most common motor vehicle & passport transactions in locations near them. The service is highly cost effective since it uses existing Clerk's staff and space provided by the towns at no additional cost. Ten towns on the West and East side of the County currently partner with Maggie Brooks to provide motor vehicle services at Town facilities.

Recently, passport services and a second DMV processing station were added to the Mobile Unit to meet growing customer demand. As its popularity has grown, so has the need for a larger space to accommodate the approximately 250 customers a day in Webster, which is the busiest of the Mobile Unit's locations. Webster's new Library offered a spacious modern facility close by the existing location.

"It is my pleasure to host the County Clerk's Mobile Unit at our new Library," said Thomas. "By working cooperatively, Webster residents can continue to enjoy DMV service, but at a more spacious facility that includes our library. Our mutual constituents of Webster will greatly enjoy this new more convenient location"

The Eastside Mobile Unit had been operating at the Webster Town Hall since the unit was first opened in 1996. With the completion of the new library, Webster Supervisor Cathy Thomas welcomed the unit's relocation.

###
